

REMARKS

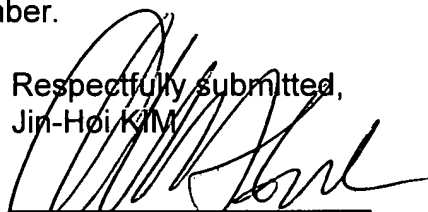

The Examiner is respectfully requested to enter the foregoing amendment prior to examination of the above-identified patent application to remove multiple dependent claims and the government fees associated therewith.

The specification has been amended to even more clearly present the Brief Description of Drawings.

The amendments to the claims made in this amendment have not been made to overcome the prior art, and thus, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

Should there be any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
Jin-Hoi KIM
